Tools & Methods: Git, GitHub, Mobile/Responsive Development.
Professional: Remote Pair-Programming, Teamwork, Mentoring, Punctuality, Adaptability

---

EXPERIENCE

HIGHLIGHTED PERSONAL PROJECTS   Remote
Front-End Developer   AUG 2024 – Present

Quiz Application — I developed a user-friendly Quiz application is a software program that allows users to take quizzes on various topics, often with features like multiple-choice questions, scoring designed to test and enhance knowledge. Here is a link to a live demo.

- Built with: HTML, CSS, JAVASCRIPT, GitHub and Vercel

Word Scramble Game — Word scramble is a classic word game where you unscramble letters to find words. The aim of scramble game is to put together a sentence from words or a word from letters, to be selected and put back in the same order. Here is a link to a live demo.

- Built with: HTML, CSS, and GitHub and Vercel

QR Code— A QR code (quick respond code) is a type of two dimensional 2D bar code that is used to provide easy access to online information through the digital camera on a smartphone or tablet.
Here is a link to a live demo.

- Built with: CSS, HTML, Javascript and GitHub and Vercel
